WARNING

The construction and operation of Home-Built Aircraft of this type is demanding and could inflict serious injury and possible death. No such operation, construction or undertaking should be initiated unless the builder has complete knowledge, preparation and instruction, and the builder utilizes the plans and the parts as shown. The builder assumes all responsibility for the construction and operation of the aircraft. The builder should not attempt to modify the plans or use parts not specified in the plans. The builder should not attempt to build the aircraft in less than the number of building hours required, nor the safety of this aircraft or any part thereof. Furthermore, buyer (and his heirs, administrators and assigns) releases and holds seller (and its agents, servants, employees, contractors, successors, and assigns) harmless from any and all liability, damages, and causes of action which may be incurred by buyer or any third party as a result of the purchase, use, construction or operation of the aircraft. Seller admits no liability by publication of this warning.
